- Education
- Agriculture & Forestry

**4.00pm Wrap Up & Close**

### What is it?

This is the first in a series of information events on Climate Change for people in Business (SME & Large), Public Sector, Tourism, Construction, Education, Agriculture & Forestry.

### Who's behind it?

The Change campaign - the Government's new awareness campaign on Climate Change. The aim of this Change campaign is to provide a focus for Ireland's plan of action in response to the challenges of Climate Change.

### What's in it for me?

- Fill your information gaps on climate change
- Find out what others are doing to reduce their carbon emissions
- Get the opportunity to partner with the Change campaign
- Provide input into how the campaign should develop for your sector

### Who should attend?

If you already have responsibility or are likely to in the future for addressing climate change in your organisation / sector you should attend this event.

### What if I can't attend?

If you can't attend any of the events in Galway, Cork or Dublin, there will be an online event held on 7th May.

Change your world. Change the world.
